

Ambiente Systems UK

Guarantees

Our products are supplied with the following standard guarantees:

75 years

With effect from date of delivery of Ambiente PE-RT pipe, we will provide replacement items free of charge if they become defective during operation such that the damage can be proven to be the result of production or material faults. Piping joints are excluded from this declaration.

10 years

With effect from date of delivery, we will provide compensation on top of the above mentioned guarantee up to a maximum amount of £5,000,000 per individual case of damage providing the material damage and any subsequent connected damage has been caused by defective Ambiente supplied piping. Included in this amount are the costs incurred for the removal of the defective piping supplied by us which has been the subject of a fault free installation.
