40/60mm Non-stick SpeedClips

Easy access door to Speedclip chamber

Product Overview

Speed Up Your Underfloor Heating Installs.

Laying underfloor heating clips just got a whole lot easier. The SpeedGun is a game-changer, letting you walk and tap your way to a faster, more efficient install. With a large clip capacity, quick reloads, and a sturdy stand, it's perfect for tackling big jobs.

Designed for comfort and precision this lightweight gun features an ergonomic handle to reduce hand strain. It's easy to use and ensures secure pipe placement every time.

What sets the Speed Gun apart is its innovative clip design. No more time-wasting with tape or paper jams. The perforated plastic strip keeps clips aligned and the installation process hassle-free.

Benefits

- **Jam-Free Clip Feeding** - Glide chamber and recoil spring ensure consistent, uninterrupted operation.
- **Ergonomic** - Designed for standing installation with balanced weight to reduce fatigue.
- **Durable, Installer-Grade Build** - Robust construction built to withstand continuous professional use.
- **Quick Clip Visibility and Reloading** - Transparent hatch allows fast access and easy monitoring of clip levels.

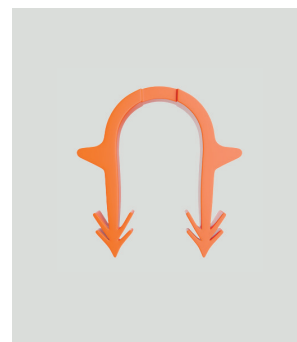

SpeedClips

It handles both 40mm and 60mm non-stick SpeedClips in one tool.

The SpeedGun just got quicker and slicker with non-Stick SpeedClips... No more tape getting jammed in the gun.

Glide action makes it smooth and easy to use.

40mm Non-Stick SpeedClips

60mm Non-Stick SpeedClips
